

2019 CALENDAR SHELLS IN GOA

Goa is known for its extensive coastline and pristine beaches dotted with unique and beautiful shells of all sizes and colours.

There is something magical and childlike about collecting seashells each time one heads to the beach.

Shells by definition are hard external skeletons of the molluscs living inside and shielding them from injury and predators. Awareness and conservation can help these species thrive and ensure that Goa remains a paradise for lovers of shells.

Cidade de Goa presents the perfect destination for your dream holiday, with a charming ambience, traditional Goan hospitality and a beach dotted with seashells. The experience by the sea is truly "Goa in a resort".
